hope he has plan B because relying on compromised bought and paid for politicians isnt gonna end well

law is a human creation, like kids making rules on a playground. You need weight to swing around and consequences for not following the law if you expect anyone in politics to listen

I know this is controversial opinion here but I don't think Trump is planning on a revolt. He is not a violent man at all. If they don't overturn it on Jan 6, then it's probably over.

I dont think Trump is either, but... I also think he is passing the ball to the people. It will be on us. And if millions of armed people accept a rigged candidate, we deserve to be lose the country and be slaves to an untouchable chicom master

I am afraid that if congress tries to certify a fraudulent state, violence will erupt and our nation will tumble into chaos. Let's hope congress does what everyone knows is the right thing, and does not certify fraud.

Speak for yourself. Violence being a bad thing is propaganda designed to make the masses terrified of revolt. There is no better feeling in the world than crushing your enemies, seeing them driven before you, and hearing the lamentations of their women

Fuck that. Great men of his caliber NEED to lead us into battle. Not "pass the ball" to the people. He's the President of the United States for God's sake!

He could easily take this nation back with a simple tweet or a emergency broadcast. "Patriots. We were attacked. A great domestic enemy, with the aid of foreign adversaries has rigged the election. Arm yourself and take your state's capital building. Our special forces will deploy and aid your rebellion followed by the military under my orders. We must defend our constitution."

If Trump allows the peaceful transition of power, knowing 100% for fact that the election was stolen and DOES NOT lead a physical fight to defend this country and our constitution, he will be considered America's most cowardly President.

This nation was attacked. His first and foremost duty is to protect our nation from harm. He has a duty and I don't want to hear this goal post shift letting him cuck out and put ALL the responsibility on us.

I want fire and fury. I want US against the establishment with Trump at the helm.

These cock roaches thrive everywhere but the real world. Don't leave it to the courts, or to a judge. Leave it mass hemorrhage which usually apprehends ppl in under 2 minutes. There is still the insurrection act to go. He just wants to use the process as much as possible to stifle a possible "dictator" angle the press is obviously going to employ. The insurrection act would force investigations and force rulings on cases that should of went to court.
